

Economic Valuation of Biodiversity Wealth and Debt in National Accounting

International online workshop

organized by the Leibniz Institute of Ecological Urban and Regional Development Dresden
(IOER) on behalf of the German Federal Agency for Nature Conservation (BfN)

– Draft Programme –

Day one: Monday 20 November 2023				
Begin / End (CET)		Activity	Format	Person(s)
09:00	09:15	Welcoming and Introduction	PPP	Hosts (BfN / IOER)
09:15	09:30	Ecosystem and Species Appreciation in SEEA EA	PPP	Carl Obst Institute for Development of Environmental-Economic Accounting - IDEEA Group, Melbourne
09:30	09:45	Ecosystem Accounting: Economic Value of Biodiversity vs. Economic Values Connected to Biodiversity	PPP	Aldo Femia Italian National Institute of Statistics
09:45	10:15	Questions and Discussion		
10:15	10:45	Break		
10:45	11:00	Willingness to Pay for Enhanced Habitat Conditions in Europe	PPP	Alessandra la Notte External expert at the Joint Research Centre of the European Commission
11:00	11:15	Additional Consumer Willingness to Pay to Prevent Species Extinction in Andalusian Stone Pine Forests	PPP	N.N.
11:15	11:45	Questions and Discussion		
11:45	12:15	Break		
12:15	12:30	The Concept of Ecological Debt measured for the Biodiversity Gap of New Caledonian Habitats	PPP	Adrien Comte or other / tbd Centre International de Recherche sur l'Environnement et le Développement (CIRED), Paris
12:30	12:50	Questions and Discussion		
12:50	13:00	Wrap up day one and outlook on day two	Oral Presentation	BfN / IOER

Day two: Tuesday 21 November 2023				
Begin / End (CET)		Activity	Format	Person(s)
09:00	09:05	Welcome – Introduction to the second day	PPP	BfN / IOER
09:05	09:20	Numeric Formulation of the Biodiversity Value of Ecosystems as a Function of Anthropogenic Use Intensity in Life Cycle Assessment	PPP	Horst Fehrenbach / Jan Paul Lindner Institut für Energie- und Umweltforschung Heidelberg / Institute for Materials Resource Management (MRM) – Technology Assessment, Augsburg University
09:20	09:35	The Biodiversity Valuation of the Czech Republic Measured by Expert and Restoration Cost Method	PPP	Pavel Cudlín Global Change Research Institute CAS, Academy of Sciences of the Czech Republic
09:35	10:05	Questions and Discussion		
10:05	10:35	Break		
10:35	10:50	The Biodiversity Existence Value of German Ecosystems based on Total Restoration Cost per Habitat Point	PPP	Ralf-Uwe Syrbe / Burkhard Schweppe-Kraft IOER / BfN, retired
10:50	11:05	A Comment on Existence Values from a National Statistical Office Perspective	Oral Presentation	German Federal Statistical Office
11:05	11:35	Questions and Discussion		
11:35	12:05	Break		
12:05	12:30	Biodiversity Existence Values in Ecosystem Accounting - Potential and Steps Forward	Panel Discussion	tbd
12:30	12:50	Discussion with all participants		
12:50	13:00	Closing Words of the Initiators of the Workshop	Oral Presentation	BfN / IOER
